To select theme colors

it's easy to apply theme colors.

1. From the **Themes** tab, click the drop-down arrow in the Variants **Colors** group

2. Select **Colors**, then click Customize Klambi Colors.

3. The presentation will update to show the new theme colors.

After you've already changed the color is very important that you close the presentation and then reopen the file

Making Changes to the slide animation

To make changes to the slide animation effect, go to the animation tab and select custom animation. A dialogue box will appear on the right, showing the current effects on that slide.

Making Changes to the Transitions

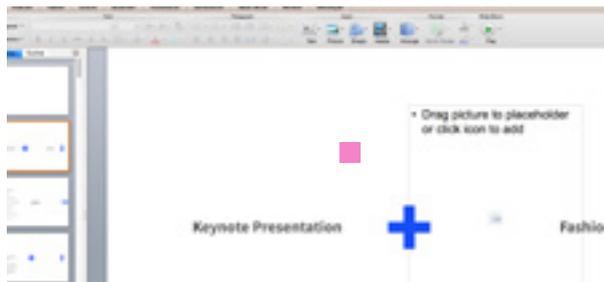

To make changes to the Transitions, go to the Transitions tab and select custom Transitions. A dialogue box will appear on the right, showing the current effects on that slide.

BASIC HELP

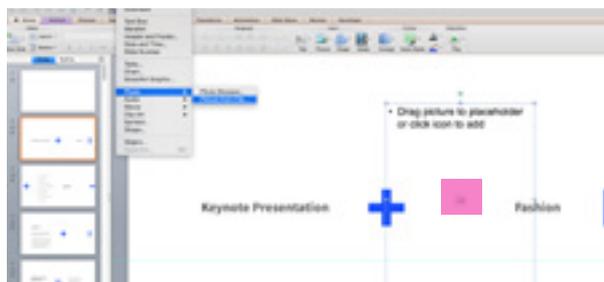

Making Changes to the slide animation

To make changes to the slide animation effect, go to the animation tab and select custom animation. A dialogue box will appear on the right, showing the current effects on that slide.
